We write as Littleborough Civic Trust to report local concerns of antisocial behaviour, in particular dangerous driving/speeding in the Littleborough area, most prominently the A58 Halifax Road, Smithy Bridge Road, Hollingworth Road and Blackstone Edge Road/Blackstone Edge Old Road. There have been numerous collisions recently and hardly a day goes by without somebody posting an incident on the Discuss Littleborough Facebook page.

One of our members recently spoke with a PCSO, who informed him that they are attending the area 3 days a week as GMP have now recognised it as a problem area, but only during the daytime.

Whilst it is received with gratitude that you are paying it attention, speaking for many local residents the problem is mainly evening and weekend afternoons when a police presence may be more productive; both as enforcement and deterrent. To suggest that drug dealing is involved can only be speculation on our part.

Types of vehicle vary from cars to motorcycles, quad bikes and off road bikes, most seem to have one thing in common ie. no exhaust silencers. Most of the off road bikes have no registration plates.

As the daylight times increase towards summer, the activity will doubtlessly increase, thus we would be grateful if you could consider this information.
